SUMMARY

Full Stack Developer with over 4 years of experience developing scalable web and mobile applications. Specialized in modern JavaScript technologies (Angular, React, Node.js) and cloud solutions with AWS.

Experience in performance optimization, REST API development, data integration (ETL), and building dashboards with Business Intelligence tools. Focused on best development practices (Clean Code, SOLID), agile methodologies (Scrum), and continuous value delivery. For more details, please click here. [.Aqui](#).

PROFESSIONAL EXPERIENCE

Full Stack Developer — Constructora Ariguani S.A.S Feb 2024 - Feb 2026

- I optimized a web application used by approximately 700 users, reducing loading times by 50
- I implemented improvements in MVC architecture, increasing the scalability of the system.
- I developed REST APIs and services in Python for data integration.
- I implemented functional modules and integrations with external APIs.
- I optimized the database with indexes and normalization (3NF).
- I developed executive dashboards in Power BI for decision-making..

Full Stack Developer — Helpfull Qualitative Research Dic 2023 - Feb 2024

- Maintenance of a web application used by 1,000 users.
- Correction of critical errors, improving system stability.
- Adjusting dynamic templates in Laravel.

Full Stack Developer — Brace Developers May 2023 - Ene 2024

- Technical documentation of business application (APIs, architecture, database).
- Correction of errors in financial processes (credit notes).
- Implementation of AWS Lambda (cron jobs) for process automation.
- Development of modules in React.js and NestJS.

Full Stack Developer — DevZeros Sep 2022 - Feb 2023

- Development of modules for exporting reports in Excel in the ORFEO system (ICBF).
- Implementing dynamic templates in CodeIgniter.
- Maintenance on the Pacific Colombia GIS platform.
- Documentation on the Pacific Colombia GIS platform.

EDUCATION

| | | |
|------|--|----------------|
| 2026 | Systems Engineering Universidad Popular del Cesar | (GPA: 3.7/5.0) |
| 2025 | Cloud Architecture Basic Level Talento tech | (GPA: 4.0/5.0) |
| 2024 | Introduction to Data Science Cisco | (GPA: 4.0/5.0) |
| 2016 | Bachelor Institución Educativa Manuel Edmundo Mendoza | (Grades) |

TECHNICAL SKILLS

Languages and frameworks

- JavaScript
- TypeScript
- Angular
- React.js
- Node.js(Nest.JS)
- Laravel
- Python
- Java

Database

- PostgreSQL
- SQL Server
- Oracle
- MYSQL
- MongoDB

Cloud and DevOps

- AWS
- Docker
- CI/CD, Linux

Data and Analytics

- Power BI
- Tableau
- ETL
- Business Intelligence

Tools

- Git
- SonarQube
- Bash
- Back4App

Methodologies

- Agile
- Scrum
- XP
